A few local snow flurries, but generally fair Wednesday and Thursday.

GERMANS ON DEFENSIVE IN BOTH THEATERS

Conspiracy at Constantinople Against the Teutons and Young Turks

GAS BYLAW BEFORE PEOPLE DECEMBER 14, SAYS COUNCIL

Aldermen Agree that Gas is There, but Decide that Expert Tests be Made—Clarke Says Huge Gas Demonstration Should be Made at Annual Exhibition—Claims Immediate Action will Mean Double Population for City in Two Years.

Gas—the kind, quality and quantity as found in the Edmonton gas well at Viking—was the chief topic of discussion at Tuesday night's meeting of the city council, and a resolution brought in and read by Alderman Joseph Clarke and seconded by Alderman May, was finally carried, but the contents of this resolution, being over three pages of typewritten matter, was the cause of heated debate and the usual over-heated remarks and personal slams that have become a common every-week occurrence at the city hall.

Alderman Clarke's resolution in effect, was:

That having heard the reports and expressions of opinion in regard to the natural gas well sunk by the Industrial Drilling company, limited, for and on behalf of and under an agreement with the city of Edmonton, and, it appearing to the satisfaction of this council, that the flow of gas is sufficient to relieve the said company from incurring any more expense, and that the time is now opportune for the city to complete this portion of the agreement entered into and take the same over from the company on behalf of the city, to be used, operated, maintained and continued during the time the same shall remain the property of the city of Edmonton, as a municipally owned, controlled and operated gas well and gas undertaking.

This council do now resolve that a committee composed of Aldermen J. A. Kinney, Joseph Driscoll and A. B. Campbell, of whom the first shall be the convenor of this committee, is now appointed by this council for the purpose of completing all negotiations.

Bylaw for $150,000.

And that the proper officials of the city do give the necessary and proper notices of the intention of this council to pass a bylaw for the sum of $150,000 for the purpose of reimbursing the said Edmonton Industrial Drilling company, limited, for their expenditure on the present well and for the purpose of defraying the expenses of sinking such further and other wells upon the land reserved for the city as may by this council be considered necessary for the proper establishment of the quantity and area of the said gas field.

Alderman Douglas was on his feet immediately, and stated that in his opinion Alderman Clarke's resolution was in advance of requirements. And then came opinions, thick and as fast as they could be voiced, and each and every one of the aldermen had a fling at this live and new topic.

Alderman Douglas moved an amendment, that the council take such action as to secure a report from gas experts at the Alberta university, upon the well at Viking. Alderman Calder stuck with his pal and seconded the amendment. He said the council should be careful and perfectly sure the gas was there in substantial quantities. In his opinion it was O.K., but he wanted expert advice and thought the university could supply it.

Would Double Population.

Alderman Clarke thought there should be great haste. There was no time to waste. The city should have gas within six months, and there should also be the biggest demonstration possible made at the annual exhibition in Edmonton next year. "Our population will double inside of two years if this action is taken immediately," concluded the alderman.

Acting Mayor Smith asked Alderman May to take the chair while he spoke his opinions on the gas question. He believed that now that gas had been struck, according to the contract with the Industrial association, the city should test the well and do it as quickly and as well as they could do it. He wanted an unbiassed opinion of the merits of the well. In conclusion he said, first test the well and then bring down the money bylaw. He favored the university test but would agree to any expert.

Ald. Sheppard Gave $200.

Alderman Clarke took occasion to state that an attempt had been made to intimidate Alderman Sheppard, asking him to resign his seat on the council because he, like 106 other members of the Ad Club, and like W. J. McNamara and James East, had done, had given $200 to aid in the explorations of the gas field. Alderman Sheppard said he would refrain from voting on the resolution because of the fact, but stated clearly that it was the duty of every alderman to vote ofr the resolution, which meant so much fot the city. And then because Alderman Sheppard remarked that he was not afraid to run for alderman again, Alderman Calder came out with "I'll run for the council, and it's you, Alderman Clarke, that'll cause me to, and Alderman Sheppard."

A motion was finally carried to have a committee composed of Aldermen Driscoll, Campbell and Kinney arrange the matter of getting expert advice on the matter and bring in a report. It was pointed out by some of the aldermen that no time should be lost, so that the bylaw voting for the $150,000 in connection with the gas proposition, might be voted on by the people on December 14, the date of the municipal elections.

Clarke Talks Morality.

The bylaw whereby Chief of Police George Hill enters into contract with the city for a period of 18 months, was given its third reading and finally passed. But before this had been accomplished Alderman Clarke once again voiced his opinion of things concerning the police department and the moral condition he believed the city was in today. He said that under the present system of police government, the persons who were reaping the benefit were a certain class of doctors and a certain class of druggists. He talked about the downfall of women, the causes and effects, spoke of the treachery of certain types of men who preyed upon their weakness and gave a brief resume of his ten years' sojourn in the Yukon. He made an amendment to the police bylaw whereby the chief might be fired if found guilty of any offence under the criminal code of Canada. His amendment found a seconder in Alderman Calder. Alderman Kinney wanted only a twelve months' contract with Chief Hill.

Says Lancey is "Broke."

Alderman Clarke also took a stand on behalf of ex-Chief of Police Lancey, whom the alderman stated was a better man than the present or any other chief the city ever had, yet today was "up against it" out on his homestead, dead broke, as no other man he knew of, and he did not want to see Lancey blackguarded as he himself was. Alderman Clarke added, however, that he (Clarke) was able to stand it, as he had been used to it all his life.

(Continued on Page Two)

HEAVY SENTENCE GIVEN FORGER IN WINNIPEG

Winnipeg, Nov. 11.—Five years in the penitentiary was the sentence meted out to John Quigg, alias William Williams, in the police court this morning, after he had pleaded guilty to two charges of obtaining money by false pretences and 20 charges of forgery and uttering bills of lading. The money obtained totalled $24,000, and was received from the Grain Growers' Grain company and the Square Deal Grain company.

Japanese Fleet Thought to be Nearing Chile After Germans

Honolulu, Nov. 11.—The Japanese battleship, Hizen, and cruiser, Asama, which entered port yesterday for coal and provisions, left here early today for an unknown destination.

Rumor has it in the Japanese colony that the warships will rendezvous with a Japanese fleet now nearing the coast of Chile, where it is supposed to be seeking the German cruisers which defeated Rear-Admiral Sir Christopher Craddock's squadron.

Two Japanese merchant men at Silo are due to clear shortly, but in view of the sinking of the Emden and the known presence of the remainder of the German Pacific squadron off the coast of South America, it is not believed the Hizen and the Asama will be detailed to convoy them.

INDUSTRIAL LUNCH TOMORROW NOON AT CECIL HOTEL

Hostelry Gives Over Fine Dining Room an Hour for Gas Discussion

SEVERAL INTERESTING SPEAKERS ON PROGRAM

City Power Superintendent, University Engineer and Manufacturer Included.

Every man that can get a seat in the dining room of the Cecil hotel will crowd into that well-known dining emporium at 12 o'clock sharp tomorrow noon and listen to gas talks by men that know something about gas and the effects it will have on the industrial future of the city of Edmonton.

As gas is the one absorbing topic of discussion municipally at the present moment, the association looked about for a first-class place where it could eat and listen well at the same time, and struck upon the Cecil, at the corner of Fourth and Jasper, to where all roads will lead between 11:45 a.m. and 12 Thursday.

R. H. Parsons, superintendent of the city power plant, will discourse on the gas as it will be likely to affect the power production and civic utilities. This alone could probably be made a whole day's program, but such great events are happening that the program committee is going to cram into 60 minutes the biggest hour it has yet had, besides a menu that would tickle the palate of gas magnates who make money out of it, not those who do so for the sake of patriotism, as did the members of the Edmonton Industrial association.

President W. J. Magrath, who put his name down for 5,000 of the gas fund, along with W. J. McNamara, mayor, is back from his trip to the Pacific coast, and will be there, probably having something out of the ordinary to say.

J. A. Kelso, the industrial engineer of the university of Alberta, will tell those present of the new industries which will be practicable for the city as a result of the Viking find, with reasons, facts and figures. This ought to be absolutely indispensable information for any who now or are in the future will, be connected with almost any industrial enterprise.

One of the city's industrial captains, W. H. Cannell, of the Acme Brick company, will also speak on the benefits which will accrue to the brick manufacturing industry through the discovery of natural gas. Altogether it will be a big day crammed into an hour.

CANDIDATE FOR [illegible]

Isadore Tremblay

CONTRACTOR OUT FOR MUNICIPAL HONORS

Isadore Tremblay Says He Is in the Race for Office at Annual Elections.

Isadore Tremblay, 1277 Seventh street, well known among the structural men of the city, announces his intention of running for council at the forthcoming municipal elections. Mr. Tremblay who is manager of the Edmonton Plastering company, has been actively engaged in the contracting business in the city for four years past, having finished the interior of the Macdonald, the Land Titles office, McCauley school, Westmount school and quite a number of other of the larger buildings of the city, in which capacity he has been an extensive employer. Previous to coming to the city he was, while in Montreal, for five years, president of the trades and labor council there and has been identified with the organized labor movement in Canada almost since its inception. His interest in municipal affairs is not a sudden development as he has been a very active civic spirit in his own district, the Hudson Bay Reserve, for several years back, and has followed the course of events in the council and in city development very closely. In French, he is regarded as a powerful speaker and, while not as powerful in English, has an originality which will get him a place on the platform at any time.

UNITED STATES TO MIX UP IN TURKEY SAYS MESSENGER

War News Derived "From Purely Psychic Sources" is Most Interesting.

London, Nov. 11.—War news derived from "purely psychic sources" is contained in the Occult Messenger as follows:

"The United tSates, the most unlikely people of all, will put its finger in the Turkish pie. Greece, Bulgaria and Russia will be in Constantinople at Christmas, the Russians during the third and fourth week in November. Her armies assuredly will be victorious and tread German soil on the way to Berlin.

"The allies will make unexpected progress during the latter part of November. New guns are making their appearance to smash the German forts and a new invention in French aviation seems to increase the allies' tactical superiority and throw dismay into the retreating Teutons' ranks. The German losses are appalling. More than 1,800,000 are already put out of action on both frontiers."

WANTS CONFERENCE OF NEUTRAL COUNTRIES ON NORTH SEA NAVIGATION

The Hague (via London) Nov. 11.—In view of the ever-increasing difficulties to navigation in the North sea, which after the laying of mines by Germany, has now virtually been closed to all neutral trade by the recent order of the British admiralty, the Amsterdam Handelsblatt suggests editorially an imemdiate conference between representatives of Sweden, Norway, Denmark, Holland and the United States, that last named country being greatly interested in neutral trade, to discuss means by which the North sea ma ybe kept open and neutral countries saved from the threatened famine.

Government Pushing Work

Halifax, Nov. 11.—In anticipation of the war lasting for some months longer and the consequent necessity for effective military erecting winter quarters for the troops at Halifax, North Sydney, Sydney Mines, Cranberry Head, Louisburg and Canso, is being pushed rapidly ahead. The buildings at North Sydney and the cable landing at Sydney Mines will be completed this week.

ENGLAND'S DEFENDERS OF EGYPT.

Sudanese soldiers photographed on the banks of the Nile. These troops were organized by Lord Kitchener and belong to England's Egyptian army.

Peace Overtures of Kaiser to Russians Shows his Condition

It Appears at Last that Emperor William's Noodle Has Been Penetrated Enough to Give Him Idea of What He is up Against on Both Sides—Believed that Unless Battle at Ypres Takes Decided Turn in Their Favor Germans will Fall Back, Fighting Purely on Defensive in West and Send More Armies to Stop Muscovites.

London, Nov. 11.—The hundredth day of the war, which engages virtually half the world, both in respect to land area and population, finds the Teutonic allies practically on the defensive according to opinions expressed by English students of the situation, at least temporarily, in both the main areas of hostilities.

This role is, perhaps, more pronounced in the eastern field of operation, where the Germans have been thrown back well behind their own frontier lines at several points in East Prussia and Posen, than in the western field where, although the successes of the past two weeks have enabled the forces of Great Britain, France and Belgium to inaugurate a vigorous offensive, the Germans are still disputing every foot of ground with bloody, hand-to-hand fighting which is proving more deadly than has any previous phase of this most sanguinary war. The names of some towns and villages occurring with monotonous regularity day after day in the official reports, show how stubborn has been the struggle in the country around Ypres.

Reported Peace Overtures Show Condition of Germany.

The report of renewed tentative prospects for peace on the part of Germany, which, however, has in no sense been confirmed with the purpose of detaching Russia from the other allies, as Germany is believed previously to have tried to detach France, is accepted in London as an indication that Germany is becoming aware of the difficulties of the task she has undertaken in projecting an offensive warfare against foes on two fronts. The supposed failure of those overtures, if any have actually been made, is coupled with the continual movement to the east of German troops from Belgium.

Teutons May Assume Purely Defensive Attitude

Military men in London think it not impossible that, unless the battle being fought at Ypres or farther south, takes an early turn in their favor, the Germans will fall back to the prepared lines stretching from Zeebruge to the Meuse and assume a purely defensive role in the trenches along this line, which have been so well strengthened and the approaches to which also are thoroughly protected by well posted heavy artillery that they could be taken only after a long siege. This course, it is suggested, would enable the Germans to detach forces from the western arena to meet the Muscovite invaders in East Prussia and Posen, and also to lend a hand to their Austrian allies. The Austrian armies, it seems today, have been cut off from contact with the German forces by the wedge passed forward by the Russian commanders.

No London Confirmation of Dixmude Occupation

It is to be judged by the foregoing summary of the war situation that London had not, up to an early hour this afternoon received from Paris the French official announcement setting forth that the Germans were in possession of Dixmude.

Claimed Turks Have Successes in Egypt.

Berlin, Nov. 11.—The Turks are meeting with considerable success in their operations in the Caucasus and on the Egyptian frontier, according to official announcements made by the Turkish government and given out in Berlin.

They have occupied Sheikzar fort at Elariss, Egypt, and taken four field guns from the enemy. The Russians in the Caucasus have been forced to retire to their second line of defense.

Elariss is on the Mediterranean sea, near the boundary of Egypt and Palestine. It is of importance as a point of water supply.

Enormous German Losses in the East.

Paris, Nov. 11.—A Havas agency despatch from Petrograd says: "It is estimated here that during the recent fighting in east Prussia the Germans lost 70 per cent of their officers. From October 23 to November 5 the total Russian captures amounted to 323 officers; 32,700 soldiers, four mortars, 52 cannon, 52 quick firers and a large amount of munitions of war, including a quantity of provisions.

Berlin Believes Good News From Argonne.

Berlin, Nov. 11.—The significance of the latest official reports concerning the situation in the western area of hostilities is increased favorably, in the opinion of German critics, by the fact that the words, "Good advances," are used din referring to the conflict in the Argonne. This is the first time such an expression has been employed in describing the fighting in this district.

Turks Held at Windsor

Windsor, Ont., Nov. 11.—Believing that they were about to make an attempt to reach Turkey to fight, the police yesterday locked up seven local Turks. All the men claim they are Arabs and enemies of the Sultan.

Liner Probably Held Up

Copenhagen, Nov. 11.—The Scandinavian-American liner, Frederick VIII reported last Friday 850 miles west of the Hebrides. As there has been no report since then it is supposed that she has been held up by British war ships.

Non-Combatants Expelled From Cracow; Russian Advance Likely

Petrograd, Nov. 11. (via London.)—That a Russian advance on Cracow, Galicia, is imminent seems to be confirmed by a report that the commandant of the Austrians has issued an order expelling all non-combatants from the city.

This report is printed in the Russky Slowo, which also announces that the German generals, Von Makenge and Von Liebert, were made prisoners in the fighting around Sieradzi.

According to the evening newspapers, the action of the Persian government in banishing Sheik Abdul Nabi Lowia for alleged agitation in favor of a Mohammedan Holy war against Russia is considered in Russian official circles as proof of Persia's friendliness to Russia thus far.

DISTRICT COURT SITTINGS

Province of Alberta, 1914

The Sittings of the District Courts and the District Judges' Criminal Courts throughout the Province will be held in the respective Judicial Districts at the places and on the dates following:

ATHABASCA DISTRICT.

ST. ALBERT—
Commencing:
Tuesday, January 26th.
Saturday, May 1st.
Tuesday, September 14th.

MORINVILLE—
Wednesday, January 27th.
Wednesday, May 5th.
Friday, October 1st.
Friday, November 26th.

STONY PLAIN—
Thursday, January 21st.
Tuesday, March 9th.
Friday, May 7th.
Tuesday, October 5th.

LAC STE. ANNE—
Friday, February 5th.
Friday, September 10th.

EDSON—
Commencing:
Friday, January 22nd.
Wednesday, March 10th.
Tuesday, April 20th.
Wednesday, October 6th.

ATHABASCA LANDING—
Tuesday, January 19th.
Tuesday, March 16th.
Tuesday, May 25th.
Tuesday, October 26th.

WABAMUN—
Thursday, February 4th.
Thursday, September 9th.

ST. PAUL DE METIS—
Wednesday, March 3rd.
Wednesday, May 12th.
Tuesday, October 12th.

BROSSEAU—
Wednesday, March 3rd.
Wednesday, October 13th.

FITZHUGH—
Thursday, January 14th.
Wednesday, April 21st.

POPE MAY NOW INITIATE PEACE NEGOTIATIONS BY PASTORAL LETTER

London, Nov. 11.—Telegraphing from Copenhagen, a correspondent of the Central News says:

"A despatch received here from Cologne affirms that the pope shortly will endeavor to initiate negotiations for peace through the medium of a pastoral letter.

"The German view of this is that any such action by his holiness would raise the question of the pope's temporal power and force Italy into taking an attitude against the proposal."

CANUCK LEAGUES GET PRIVILEGES ACCOUNT OF WAR

May Disband and Hold Standing in Northern Circuit.

Omaha, Neb. 11.—It appeared probable today that the make-up of at least four leagues of the National association of Professional baseball clubs would be changed next season. The springfield club of the Three I league has been transferred to Rock Island. The Central league will have eight clubs if the present plans carry but the new cities have not been decided upon.

The St. Paul franchise in the American Association will probably be transferred to Chicago and St. Paul will play in the Western league, supplanting either Topeka or Wichita. The Northern league has two changes in view—Winona and Winnipeg. These latter changes, however, will not be ordered without a contest and may not be ordered at all. There is every indication that the Western Canada league will not play next year, because of the European war. The Canadian league which includes Erie, Penn., however, will probably not take advantage of an option they have of remaining out of the game next year. Both leagues were given permission to retain their standing even though they find it necessary to disband their clubs in 1915.

AUSTRALIAN CRUISER NOT DAMAGED IN HER FIGHT WITH EMDEN

Hong Kong, Nov. 11.—The Australian cruiser, Sydney, was not damaged in her fight with the German cruiser Emden off Cocos island, according to reports reaching Hong Kong.

The captain of the Sydney, according to these despatches, has said he saw only 30 survivors of the 300 men supposed to be on board the Emden. The German cruiser was a veritable shambles. Four officers and 22 other men were made prisoners.

Doctor Said She Had Bright's Disease.

DOAN'S KIDNEY PILLS CURED HER.

Bright's disease is a term applied to one of the most serious of all diseases of the kidneys, the symptoms of which are often of a severe character.

Severe pains in the back appear at first and are followed by disturbances of the urinary organs which show that the urine contains a large amount of albumen. Dropsy is also another forerunner of the dreaded Bright's disease. On the first sign of any kidney trouble you should at once put the kidneys right by the use of Doan's Kidney Pills. The pill that cures kidney troubles only.

Mrs. C. A. Heistand, Mooswa, Alta., writes: "Last May I was taken down sick. The doctor told me I had Bright's disease. My kidneys got so bad I could not rest day or night. The doctor's medicine did not give me any relief. I used four boxes of Doan's Kidney Pills, and they put me in good shape again."

Doan's Kidney Pills are the original kidney pill, so when you ask for "Doan's" do not accept any others with similar names.

Price, 50c per box, or 3 boxes for $1.25, at all dealers or mailed direct on receipt of price by The T. Milburn Co., Limited, Toronto, Ont.

When ordering direct specify "Doan's."

NO STOMACH PAIN, GAS, INDIGESTION IN FIVE MINUTES

"Pape's Diapepsin" is the only real stomach regulator known.

"Really does" put bad stomachs in order—really does" overcome indigestion, dyspepsia, gas, heartburn and sourness in five minutes—that—just that—makes Pape's Diapepsin the largest selling stomach regulator in the world. If what you eat ferments into stubborn lumps, you belch gas and eructate sour, undigested food and acid; head is dizzy and aches; breath foul; tongue coated; your insides filled with bile and indigestible waste, remember the moment "Pape's Diapepsin" comes in contact with the stomach all such distress vanishes. It's truly astonishing—almost marvelous, and the joy is its harmlessness.

A large fifty-cent case of Pape's Diapepsin will give you a hundred dollars' worth of satisfaction or your druggist hands you your money back.

It's worth its weight in gold to men and women who can't get their stomachs regulated. It belongs in your home—should always be kept handy in case of a sick, sour, upset stomach during the day or at night. It's the quickest, surest and most harmless stomach regulator in the world.

GAS BYLAW BEFORE PEOPLE DECEMBER 14

(Continued from Page 1.)

The salary question was again before the council. Alderman Kinney wanted all salaries put back at the old figure, to commence from November 1. Aldermen Calder and Douglas wanted the matter referred back to the commissioner, and Alderman Calder thought the employees should consider themselves fortunate in holding any kind of of a job these days, and made it clear that by working at the reduced wage others were given a chance to share in the few positions that were open for employment.

Alderman Clarke thought that owing to the fact that at the present time there were but two commissioners instead of five, as at the first of the year and that there was an acting mayor in the chair, that in future all matters pertaining to the payment of money amounting to over $500 should be referred to council by the commissioners. A motion to this effect was carried.

Will Vote on Ward System.

Because it will cause an increased expenditure of but ten dollars, it was decided that on December 14 the people should be given an opportunity to mark their ballot for or against the ward system in civic politics. Alderman Clarke said he preferred the ward system to the present city charter, but above all others he favored the elective commission form of government with the initiative, referendum and recall.

Owing to the unsatisfactory and unhealthy condition of certain sewer work in the vicinty of the Burns packing plant it was decided to have work done at once to connect the sewer in question with the trunk sewer. The market bylaw, a matter of great importance, was left over owing to the lateness of the hour, when adjournment was made. A special meeting was announced for Friday at three o'clock to deal with this matter.

POLICE HAVE ALLEGED SWAG OF CRAWFORD

There are a couple of overcoats and several blankets in the police station awaiting identification by their owners, the articles being the swag alleged to have been stolen by W. Crawford, alias W. Smith. Crawford, it is stated took the articles from automobiles and sold them in second hand stores. Smart work on the part of Detectives Roberts, Gillam, McIver and Smith was responsible for the arrest of Crawford and the recovery of the goods. By a theory of deduction worthy of the great Holmes the sieuths have collected, it is claimed, sufficient evidence to make a strong case against the accused. Crawford's handwriting was identified by one of them as being that o fthe man wanted for the theft and this played an important part in forging the chain of evidence.

FORMER PERTH LADY DIES IN EDMONTON

The death took place on Saturday of Mrs. Peter McNee at her husband's residence, 1739 Pine avenue, after an illness of three weeks. Mrs. McNee, who lived in Edmonton for the past two years, made a host of friends, and her demise is generally regretted. She was a native of Perth, Ontario, but has lived in the west for some years, residing at Vegreville before making her home here. She is survivd by four daughters and one son, who all live in Edmonton.

Lumberman Commits Suicide

St. Paul, Nov. 11.—William A. Sauntry, a pioneer lumberman and at one time rated a millionaire, committed suicide in a local hotel last night by shooting. Business reverses are said to have been the course of his act.

Messrs. Rothchild brothers have provided a million francs for the relief of distressed French families.

BELGIUM RELIEF FUND AGAIN NEXT SATURDAY

The committee of the Belgium relief fund would be glad to hear from the owners of Shetland ponies, who would be willing to lend same to the committee, for the purpose of making a further canvass next Saturday, in aid of the above fund. Communications may be addressed to A. K. Henderson, phone 1846 or 81673, after 6 p.m.

HON. DR. BELAND WRITES HORRORS FALL OF ANTWERP

Laurier Cabinet Minister Comes Through Two Sieges Without Any Harm.

COUNTED AS MANY AS 35 SHOTS TO MINUTE

Graphic Story of Fire in Great Belgian Port—25,000 Shells Fall.

Ottawa, Nov. 11—Letters received from Hon. Dr. Beland, postmaster-general in the Laurier administration, tells of his experiences during the siege and capture of Antwerp by the Germans last month, while he was there attending to his duties as an active member of the Belgian hospital corps.

Dr. Beland came through the awful experiences at that siege without harm, as he formerly did through the siege of Liege. After the entry of the Germans he was allowed to proceed to Holland, and reached there in safety. According to the last advices from him, he expects to be able to join the Canadian medical corps at the front.

In the course of a letter written on October 10, which came via Holland, Dr. Beland says:

"On Tuesday at Antwerp, both the morning papers published an official proclamation warning the population to leave the city before 3 o'clock, as the bombardment of the suburbs could already be heard in the city itself. The doctors' helped us to get the wounded, but not the dead, into places of safety, either to Ghent or to Ostend by the free road which still remained along the coast.

Bomb Drops at Noon.

I found it was necessary for me to get to Cappellen, where my wife was, at any cost, for I knew how anxious they would all be as to my safety. At noon when I was getting ready to depart for Antwerp, a bomb burst almost in the heart of the city. The terrified people were running in all directions in order to escape the Germans. The chateau where I was trembled at every discharge of the cannon, which were still 15 kilometers distent. I counted as many as 35 cannon shots to the minute. When I got to Cappellen, we went up into the tower of the chateau and in the night looked down across the trees at the flames of fire and the streaks of lights across the darkness where the nocturnal duel was going on.

Cannons Made Earth Tremble.

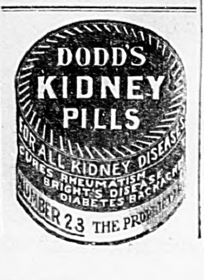
"It was a supreme tragedy. At moments when four or five batteries of four cannons each were discharging at once, one could feel the earth tremblle. From Monday morning until Friday noon the most dreadful procession of centuries passed before us. We had in the gardens of the chateau thousands of refugees sleeping in the open air. At night the chateau itself was hit. A mother with her babe of three days slept in the cellar. We had no other place for her. It was an awful caravan, bloodstained with homes destroyed or menaced by the invading host, an endless flood along the whole of the road. On Wednesday night the refugees cried in the dark: "The fire, Antwerp is burning.'

"We mounted to the roof of the chateau. The village priest had just arrived, pale with fright. It was too true. The petrol storage tanks shot up a great mass of flames, while at the end of the points the cannon flashes could be seen with the reverberations constant and humorous.

Order Comfortable Lodging.

"We saw Major Schultze, with a lieutenant, arriving. We met them under a white flag. They came to us saying that the forts had fallen and had been evacuated. A third officer came up to confer. We spoke both in French and German. They left us after telling us that some German companies would come a little later to occupy the forts of Cappellen. They ordered us to give comfortable lodging to the officers and soldiers, which we promised.

"Then the Germans thanked us for our welcome and left after telling us to tell the fugitives that they could go back to their homes in complete security. It is estimated that 25,000 shells fell in Antwerp."



Coffee and Baking Powder

Blue Ribbon pure food products are the standard of quality and purity. There is no "just as good" as the best.

Blue Ribbon Coffee and baking Powder are sold as are all other Blue Ribbon goods guaranteed to give perfect satisfaction.

GERMAN FROM CLIVE AT R.N.W.M-P. BARRACKS

Three Germans, Rudolph Schuman, Otto Kohll and R. Maiwall, appeared before Inspector Jennings of the mounted police on Wednesday morning, having been brought in from the Clive district, where it was thought that as alien enemies they might be undesirables. Schuman, however, was able to produce papers to the effect he was a British subject and was sent back to Clive. The other two men, one of whom is a German reservist, were let out on parole after signing a declaration that they would be orderly and commit no acts of a treasonable or seditious nature.

FOR HEAT

The demand for Humberstone Coal is growing enormously. New customers are ordering this coal every day because they have been told by their neighbors that it is better and cheaper—goes farther, ton for ton. **We are not trying to sell you** one load of coal. We want to sell you many, **provided** you feel that the coal you are now buying is **not** the best you can get for your money. Try it. It burns "all up."

Furnace Lump Coal $3.50 per ton

("3 inch" Shaker screens of the most modern type are used in the preparation of this coal)

Our Egg coal, at $2.25 per ton, has had a great run. It is a perfect coal for the range, stove and fireplace; absolutely clean and free from all impurities.

Our service is another reason why you should be a customer of ours, **"YOU GET IT WHEN YOU WANT IT"** And every load of coal we sell is weighed by the City of Edmonton.

Don't let the cold weather catch you with empty bins! There is yet time to get them filled, but just time. ORDER NOW and we will send you coal that runs way over 10000 British Thermal Units

BEST Quality — **BEST Preparation** — **BEST Service**

There is only one way to hold the trade of your customers and that is, treat them right. The very foundation of this "right treatment" and the greatest part of it, is the quality of the coal you give them. The quality of Humberstone Coal, well—

TIME TO CHANGE THEIR IDENTITY AND GEOGRAPHY

By the first of next month, so the dispatches say, French will have half a million British soldiers in France and by next spring Kitchener's million will have become trained soldiers, to be poured across the channel, equipped, fresh, modernly-armed and ready for the tremendous task of shoving the Germans back into their own frontier and across their own country to whatever the place where the last stand of military despotism must finally be made.

In the meantime at Ypres there is being fought the battle which is regarded by military experts as what must be the last desperate effort of the Germans to break through the thickening hedge of steel and scatter their legions over France. Report says that it is the most horrible, the most inhuman battle which the world has ever known; that in it lives are of no more count than the figures placed on a blackboard to work out a sum and to be subsequently erased with the sweep of a hand. Quite naturally this is so. In its calculations, the Prussian militarist plan did not reckon in lives. The lives became units, to be wiped out without regard to human feelings if such were necessary to the consummation of the plain. The plan so far has failed. It has one last, desperate chance—at Ypres—to make at least a partial winning. Against this hazard the lives of countless thousands are thrown into the balance. If these lives are lost, then the plan is lost, with the inevitable outcome that the military despotism which now throws them into the abyss must eventually lose its over-lordship in this and all the remainder of German humanity in any event.

Which is to say, it costs the "Germany-over-all" ghouls nothing to throw these thousands of lives away, for if they refuse to do so, those lives not sacrificed are lost to military despotism anyway.

When the soldiers of Germany who emerge alive from these hells of carnage sense this estimate placed upon them by their warlords it will be time for the war makers to change their identity and geography.

HONI SOIT QUI MAL Y PENSE

When the Bulletin starts out to look for Ethiopians in the wood pile its eyesight scattters very badly.

"It will now be in order," declares the Bulletin, commenting upon the gas well, "to keep an eye open for the benevolent corporation which is to appear on the scene, offer to let the members of the Industrial asociation out, take over the city's lease, put in the pipe line and distribution system and supply the gas for what it can take out of the consumer."

As a piece of gigantic buncombe this surely touches the extreme limit, to say nothing of its assaninity.

Literally interpreted, it amounts to this that the Bulletin, having at all times opposed the gas project, is now prepared to persuade the general public, if it can, that the whole thing was a frame up to prepare the way for some un-named corporation to come upon the scene at the psychological moment and take over the franchise.

The Bulletin is surely insulting theintelligence of its readers when it asks them to believe that the 105 subscribers who put their hands in their pockets and raised the funds necessary to make the drilling possible were actuated by ulterior motives. Does it want the public to believe that Hon. A. G. MacKay and M. R. Jennings that H. H. Hyndman and Hon. C. W. Cross were hand in hand, in foregathered and confidentially agreed to a conspiracy to loot the city; a deal of this kind; that James Ramsey and Joe Adair agreed that their divergences of opinion upon political economics be dropped while they engaged in a little practical politics for their own profit; that J. H. Bennett and P. E. Lessard decided that no question of party politics should intervene when such easy pickings were in sight; that W. J. McNamara, W. J. Magrath, L. L. Pearce, J. K. Cornwall, Tom. J. McNamara, Rice Sheppard, Col. Saunders, now at the front, the Northern Investment crowd, Wilfrid Gariepy and all the dozens and dozens of others of the most prominent citizens of the city were suddenly seized of a deep, dark desire to enter into some under-hand plan to bring things to such a pass that the moment gas was struck it would "be in order to keep an eye open for the benevolent corporation.

Undoubtedly the thing which troubles the Bulletin's liver—whatever that may be—makes it difficult for the jaundiced old sheet to see anything but an evil design in any move which bears the surface indications of public-spiritedness. But when the Bulletin includes in its list of persons suspected over one hundred of the most prominent citizens, drawn from every party and occupation, and invites the electors to keep an eye on them, it is time to laugh—if the palpable nature of the insult to the public spirit of Edmonton permits a laugh.

For an institution harboring such thoughts, the direction to look for indications of evil intent is inward.

INDIVIDUAL AND GENERAL

Once a man gets the habit of buying things made in his own country, he gets a satisfaction that he never enjoyed before. It's a good bit of human nature not to care where things are made so long as they fit the case. But it's a better and a bigger part of selfish human nature to figure out how one's purchases help along the general movement of prosperity in his own country. In this co-operation between the individual and the general welfare the personal effort of every man and woman counts when it comes to the big national push that gets the country out of the rut. Canada has a large army of workers to keep busy. The workers depend for their subsistence on thousands upon thousands of factories. The part played by one community in keying up this great empire of business depends precisely upon how many individuals take hold of the movement. In all great popular movements it is the five and ten cent purchases multiplied by the thousands upon thousands of people that register the popular goodwill. A big subscriber may write himself down for thousands and forget it. A thousand other people may go down for a few dollars each and the world can never forget the result they get for it.

Heavy Firing off Chile.

Lima, Peru., Nov. 10.—Heavy cannonading was heard at sea yesterday off the Chilean seaport of Coronel, according to reports received here from Chile.

OVERLAND COMPANY HAS MORE ORDERS THAN EVER BEFORE

Despite Alleged Depression Firm Has Just Completed Greatest Month's Business

OVER 5,000 MACHINES SHIPPED IN OCTOBER

Since July Shipments Were Thirty-eight per cent. More Than Previous Year.

The general public has little conception of the enormous size and far-reaching influence of the motor car industry. The industry is not only prospering, but is employing more men and doing a bigger business than at any previous time in its history. This would show that either there cannot be much truth to the current talk of business depression, or that the motor car has become a recognized necessity.

With its allied lines, the manufacturer of motor cars today doubtless ranks second only to iron and steel among the United States manufacturing industries. Occupying this conspicuous position, it is doing much to relieve the financial stringency brought about by the war by putting into circulation large sums of money in all parts of the country.

Today Americans are spending more money in automobiles than ever before. The tremendous bumper crops throughout the farming districts, combined with the high prices prevailing on produce, caused unprecedented prosperity in the rural communities. Thousands of motor cars are being sold to farmers and people whose financial welfare is dependent on the crops.

Every dollar used for the purchase of a motor car means that hundreds of trades and arts are profiting by the investment. The conversion of raw material into finished cars is putting millions of dollars into the pockets of machinists, foundrymen, trimmers, assemblers and other master craftsmen who in turn are handing this money over to grocers, butchers and merchants.

During the third quarter of this year the total business done by the motor car factories alone is at a rate in excess of $400,000,000 per year, and an increase of 18 per cent. over the same quarter of last year. This vast sum represents just so much money put into actual circulation.

One firm alone, the Willys-Overland company, employing 8,600 people, reports that it has just completed the biggest month's business in its history. Shipments of cars during October numbered 5,601, representing a money value of $5,572,00. This is 15 per cent. greater than shipments during the same month of last year, which was the largest October the company had experienced up to that time.

FRUIT LAXATIVE FOR SICK CHILD GIVE "CALIFORNIA SYRUP OF FIGS."

Cleanses tender little stomach, liver, bowels without injury.

Every mother realizes that this is the children's ideal laxative and physic, because they love its pleasant taste and it never fails to effect a thorough "inside cleansing" without griping.

When your child is cross, irritable, feverish, or breath is bad, stomach sour, look at the tongue, mother! If coated, give a teaspoonful of "California Syrup of Figs," and in a few hours all the foul, constipated waste, sour bile and undigested food passes out of the bowels and you have a well, playful child again. When its little system is full of cold, throat sore, has stomach ache, diarrhoea, indigestion, colic—remember a good liver and bowel cleaning should always be the first treatment given.

Millions of mothers keep "California Syrup of Figs" handy; they know a teaspoonful today saves a sick child tomorrow. Directions for babies, children of all ages and grown-ups are plainly on each bottle.

Ask your druggist for a 50 cent bottle of "California Syrup of Figs." Beware of counterfeits sold here. Get the genuine, made by "California Fig Syrup Company." Refuse any other fig syrup with contempt.

BIG PUBLIC MEETING THURS. NIGHT LYCEUM THEATRE NEW CHARTER

Many prominent speakers will present Edmonton's new "Home Rule" Charter which is declared by municipal scholars to be model instruments municipal government unsurpassed on North American Continent

FIRST HALF HOUR WILL TALK GAS

W. R. Martin, manager drilling company, will give some facts and figures about natural gas in general and about the Edmonton well at Viking in particular—Opposition speakers support old charter

With the discovery of natural gas—thanks to the Industrial Association—Edmonton now only requires a real system of municipal administration to guarantee the proper conduct of public business. We will vote on such a system December 14.

A rousing big meeting will be held Thursday evening, Nov. 12th, in the Lyceum Theatre, Third and Jasper, at 8 o'clock, when Edmonton's Elective Commission Government new city charter will be discussed fully, and from all phases. The first half hour of the meeting will be given over to talk of Edmonton's natural gas well, and W. R. Martin, manager of the drilling company, to whom much credit is due, will present some facts and figures which will assist in gaining a fuller realization of just what this last municipally owned public utility, with proper administration, will mean to Edmonton.

W. J. McNamara, ex-mayor; Prof. W. H. Alexander, of Alberta University; Mr. C. S. Stevens, managing director of the Hardstone Brick Company; James East, ex-alderman, will present the new Model Charter. Provision is made for opposition speakers who may care to defend the old city charter.

The evening promises to be a most interesting and instructive one. Edmonton electors vote on this new direct administration charter on December 14th, and every man and woman should become thoroughly conversant with its provisions.

There is no doubt but that the seating capacity of the Lyceum will be taxed. Seats will be reserved for ladies until 7:55. The meeting will begin at 8 o'clock promptly. Be there.

The Housekeeper is Right

Sometimes a housekeeper requires a quick leavening agent, and finds she has no baking powder.

What does she do?

She raises her biscuit by a mixture of cream of tartar and soda, or soda and sour milk. She may not get the proportions quite right, but she knows her food is safe. But does she ever use a mixture of alum and soda? Was there ever a housekeeper who bought alum and soda to make a home made baking powder? Intuitively she feels it would be unsafe.

Then why use baking powder made from alum or the same mixture that the housekeeper would not dare to mix and use in her food?

Alum is alum, whether bought in the drug store or in baking powder.

DR. PRICE'S CREAM BAKING POWDER

is made from pure cream of tartar and contains no alum, lime or phosphate. There is absolute safety in its use.

FEAR THAT DISEASE WILL SPREAD TO 836 PRIZE DAIRY CATTLE

Chicago, Nov. 11.—Spread of foot and mouth disease among the 836 prize dairy cattle under quarantine at the Chicago union stock yards assumed such alarming proportions today that it was feared the infection could not be prevented from spreading to every animal in the herd. The cattle are valued at $2,500,000.

Dr. S. E. Bennett, of the federal bureau of animal industry, said 40 new cases were discovered among the herd yesterday. The newly infected cows were separated from the isolated herd and taken to the veterinary hospital, where 52 other cases from the dairy show stock are under treatment.

Dr. Bennett said that consent would not be given to destroy the animals until there is no hope of saving them.

Letters sealed with white or egg cannot be steamed open.

An automobile museum has been established in London, where there are exhibited gasoline cars made as early as 1895.

Sour Stomach

Sour stomach, gas, griping pains in the abdomen and sluggish liver, yield to the gentle effective action of Parmelee's, the best of all pills. They relieve constipation without bad after-effects. They tone the whole system. Price 25c.

E.C.D. Economy Contest

To Be Held November 26, 1914
Entries Close " 19, 1914

By competing you will help others as well as yourself. Get an explanatary pamphlet from an E.C.D. milk man, or from one of our offices if you have not already done so.

JUDGES.

Three competent judges have been secured to pass upon the exhibits shown at the contest. The utmost care will be taken in reviewing the exhibits and each competitor may be assured of improved treatment. The personnel of the judges' committee may be learned if desired by phoning us.

SCALE OF POINTS

The Judges will use the following scale of points in arriving at their decisions in the Cooking Competition:

	Points.
Economy of material used....	20
Food value	20
Ease of preparation	20
Digestibility	20
Palatability	10
Appearance	10
Total	100

POINTERS TO CONTESTANTS

—Each Competitor shall enter three different dishes. A copy of the recipe shall be attached to each.

—All Exhibits which do not win a prize, but are deemed worthy of "honorable mention" by the Judges, will receive a consolation prize of 50 cents.

—All Exhibits will b eturned over to the Welfare League to be used in relieving distress throughout the city.

—In order to qualify for entry without trouble, ask any E.C.D. milk man for a certificate as to your having met the requirements for making entry. He is provided with blank forms for this purpose.

—Make it a point to visit our Jasper Branch on Monday, Wednesday or Friday afternoon, at 3 o'clock. Here you will be asked to partake of various choice E.C.D. products as our guest, and your questions about dairy products will be carefully explained. We cardially urge you to come before the entries for the contest, if possible.

THE GAY WORLD.

Mrs. Wm. Thomas announces the engagement of her daughter, Mary Ethel, to Mr. Arthur Cleveland Hobart, son of Mr. and Mrs. Charles Hobart, Minneapolis. The marriage will take place November 17.

* * *

The Blue Moon was bright with animated groups of Saturday afternoon idlers, who, after the week's rounds make a conge of this matinee. In little coteries there came in ladies from the musical and the Empire, with their escorts, a number of the young people from the rugby match, to sip tea in this cosy rendezvous and hear Mrs. Mortin, whose singing was truly delightful.

Arthur Tate's "Somewhere a Voice is Calling," "The Beautiful Land of Nod," and one of Amy Woodforde-Finden's beautiful Indian love lyrics, "Where the Abana Flows," were really gems. Mr. Barford accompanied.

Lecture on Belgium.

The third of the series of lectures under the auspices of the educational committee of the Y.W.C.A. will be held on Thursday evening of this week. Mr. Giroux, who was at one time a student at the University of Louvain, will speak on Belgium, and his lecture will be illustrated by a number of very fine colored slides. The managers of First Presbyterian church have very kindly given the use of the lecture room for the evening, and the extension department of the university is supplying the lantern. This lecture comes most opportunely when a canvas is being made on behalf of the Belgian Relief Fund, and a cordial invitation is extended to the public to be present. A collection will be taken in aid of the relief fund.

Are Given Send-off.

With, it would seem, nearly the whole city at the depot to bid them God-speed, rMs. "Billie" Griesbach and Mrs. Guy Marriott, the latter with her little children, left on the late C.P.R. train for Salisbury Plains, to join their "soldier men." Escorted to the depot by his lordship Bishop Gray, it was a question as to whether they would be allowed to embark or not, so insistent were the groups of friends. It was a right royal send-of which the 19th Dragoons and the Kilties sounded with pipe and drum; it was a hopeful au revoir which everyone gave. Cheers for the travellers were loud and long. Then Mr. Geo. B. O'Connor made a little au revoir speech, which drew a very sincere "thank you," and promises to deliver all messages to the khaki boys far away. The train pulled out to the measures of "Its' a long, long way to Tipperary."

Exchange Opens Saturday.

Mr. James Ramsey has kindly consented to allow the Edmonton Women's Industrial association the use of one of the large show windows in his furniture store on Jasper avenue, near First street, for their exchange, which will be opened this coming Saturday, November 14. All women who have articles to sell, which may include products of the needle, brush, or kitchen, are welcome to take advantage of this means of disposing of them. Such articles will be received by some member of the association on Friday, November 13, between the hours of four and six in the afternon. Be sure to bring your wares on Friday, so that they may be properly received, listed and credited before the sale begins. Also, bear in mind the sewing day at the Y.W.C.A. on Wednesday afternoon of this week.

* * *

Edmonton Made Goods.

The Consumers' league is requesting the board of trade to publish a list of goods made in Edmonton, and will urge all to use these products in preference to imported goods. Where the price and quality warrant the use of Edmonton made products will increase the output of all the factories, and will give work to hundreds of men who are now and shortly will be out of work.

Wrinkles Disappear As If By Magic

"In the removal of wrinkles, I have discarded cosmetics entirely," writes Mme. Corsan, the celebrated Parisian beauty expert. "The results they produce are deceptive and never permanent. Massaging is only partially successful and it's too slow a method.

"I've never seen anything work such wonders as a simple, harmless solution any woman can prepare and use at home without the least trouble. A half pint of witch hazel and an ounce of good powdered saxolite are all you'll need. Mix the two and apply this refreshing solution to your face daily. The effect is marvelous—instantaneous. The skin becomes firmer, "tighter"—every wrinkle and sag is affected. You feel so refreshed after using the wash; you look refreshed, too soon you will look ten years younger."—Society World.

LADIES! DARKEN YOUR GRAY HAIR

Use Grandma's Sage Tea and Sulphur Recipe and Nobody will Know.

The use of Sage and Sulphur for restoring faded, gray hair to its natural color dates back to grandmother's time. She used it to keep her hair beautifully dark, glossy and abundant. Whenever her hair fell out or took on that dull, faded or streaked appearance, this simple mixture was applied with wonderful effect.

But brewing at home is mussy and out-of-date. Nowadays, by asking at any drug store for a 50-cent bottle of "Wyeth's Sage and Sulphur Compound," you will get this famous old recipe which can be depended upon to restore natural color and beauty to the hair and is splendid for dandruff, dry, feverish, itchy scalp and falling hair.

A well-known downtown druggist says it darkens the hair so naturally and evenly that nobody can tell it has been applied. You simply dampen a sponge or soft brush with it and draw this through your hair, taking one strand at a time. By morning the gray hair disappears, and after another application or two it becomes beautifully dark, glossy, and abundant.

SPLENDID Y. W. C. T. U. GOLD MEDAL CONTEST

On Tuesday evening, November 10, in the Highlands Methodist church, a splendid gold medal contest was held under the auspices of the Y.W.C.T.U., which is the Young Women's Christian Temperance Union.

The contestants were as follows:—1, Miss Eva Hadigan, of Norwood school, reciting "The Wrecked Express." 2—Miss Lena Harrison, of McCauley school, rectiing "The Drunkard of Zepatia City" 3—Miss Muriel Robinson of Norwood school, reciting "A Brave Cabin Boy." 4—Miss Nora McSweyn, of the Highlands school, reciting "A Threat from Little Tommy." 5—Miss Edna Watters of North Edmonton school. Piano solos by Misses Teates and Kemp. Vocal solos by Misses McMillan and Gimley.

The orchestra played pleasing selections throughout the evening.

Mr. Carpenter, superintendent of schools, gave a short address, and the gold medal was presented to Miss Muriel Robinson of Norwood school. Consolation prizes were awarded to the other contestants.

A silver collection was taken, which amounted to ten dollars and seventy-five cents.

The pleasant evening closed by the singing of the National anthem.

CALIFORNIA RESORTS

Sidewalk tiles are being made in Italy of screenings from old brick pavements.

The temperature of the air in which they live affects the color of butterflies.

MEAT CAUSE OF KIDNEY TROUBLE

Take Salts to Flush Kidneys if Back hurts or Bladder bothers.

If you must have your meat every day, eat it, but flush your kidneys with salts occasionally, says a noted authority who tells us that meat forms uric acid which almost paralyzes the kidneys in their efforts to expel it from the blood. They become sluggish and weaken, then you suffer with a dull misery in the kidney region, sharp pains in the back or sick headache, dizziness, your stomach sours, tongue is coated and when the weather is bad you have rheumatic twinges. The urine gets cloudy, full of sediment, the channels often get sore and irritated, obliging you to seek relief two or three times during the night.

To neutralize these irritating acids, to cleanse the kidneys and flush off the sluggish kidneys, also to neutralize the acids in urine, so it no longer irritates, thus ending bladder weakness.

Jad Salts is inexpensive; cannot injure and makes a delightful effervescent lithia-water drink

Theaters and Picture Shows

THE EMPIRE PLAYERS OPEN ON MONDAY.

In order to furnish the theater-going public with first class amusement during the winter season, the management of the Empire decided to instal a permanent stock company at that theater, and takes pardonable pleasure in introducing the company next week in that clever military satire, "Arms and the Man," by G. Bernard Shaw.

The personnel of the company is excellent as one who has had the pleasure of watching them rehearse was struck by the capable manner in which the various members filled the roles allotted them. Miss Vane Calvert, the leading lady, has a charming personality that will at once endear her to her auditors, Miss May, the character woman, is a very clever actress, and like many legitimate stars, seeks company with a member of the canine tribe who has been secured by the employees of the theater as a mascot. Mr. Craig is a director of repute, and his efforts are certain to result in success, no expense being spared to present the production in its entirety; his motto is "give a finished production or nothing," and the public can be assured of seeing "Arms and the Man" next week played by as capable a company of artists that has ever graced the Empire stage. The prices will be extremely popular, special matinees will be given Wednesdays and Saturdays, with a bargain night every Monday. The box office is open from 10 a.m. to 10 p.m. and it is to be hoped that the management will be well supported in its efforts to provide recreation for the masses during the winter season.

PANTAGES PROGRAM IS HARD TO BEAT.

With James J. Corbett as the headline attraction, some daring acrobatic, comedy, and an authentic war picture, Pantages theater is offering a bill this week which is pretty hard to beat. James J. Corbett, the former boxing star, is a real headline attraction. He makes a neat appearance, is clever and delivers his monologue in a quaint, inimitable style which is quite attractive. He tells some clever stories about incidents which befell him during his fighting days, which greatly amuse the audiences. He is scoring a host of friends.

Baltus Brothers bring the performance to a close with a daring line of acrobatic stunts—some of the best ever presented on the local stage. Their feats of strength are wonderful and in their act they have combined some good comedy. The act is going big.

Skipper, Kennedy and Reeves, two straights and a black face, are adding much to the amusement of the audience. They sing some good songs, their harmony work being very classy. They have some good comedy in their act, and are also making a host of friends.

Transfield sisters open the bill with a musical novelty act in which they play on half a dozen different kinds of instruments. They are followed by the five Girls De Luxe, who render a singing and dancing version.

The "Siege of Antwerp," an authentic motion picture of the war, sends the entire show off to a good start.

LITTLE HELMET BUTTON MAKES RED COATS SORE

A near riot occurred on the corner of First street and Jasper on Tuesday night shortly after the theaters poured their happy crowds into the streets. In the window of a nearby cigar store was displayed a large card bearing the legend "To —der Kaiser," together with a drawing of a German military helmet.

Two soldiers in uniform, members of the 19th Dragoons, passed the store window and noticed the sign. Swelling in pride of country and determined to resent the insult to their flag of anything being offered to "Der Kaiser," they immediately entered the store and demanded that the display be forthwith destroyed and torn into shreds. And even this was not enough. They longed for revenge and threatened to clean up the whole shop if the perpetrator of that sign did not appear to take a licking. Nobody appeared, so they left.

A few minutes later, the two offended red coats were located in a nearby hotel, surrounded by a large audience to whom they were regaling the whole story of the insult and still later returned to the store where the sign had appeared.

Any suggestion regarding the card brought forth a storm and they were prepared to "beat up" anyone who suggested Der Kaiser. Many attempts to explain the sign were made, without success, but finally it was discovered that one of the two was an Irishman, and it was explained to him that the card was a joke. But the other man was hopeless. He had a name that reeked of the Highlands.

Arguments, diagrams and explanations were of no avoid and his last request, as he was put out of the store, was for one of the buttons that he might take it to his senior officer and show the slight that was being put on the flag in a store window of Edmonton. However, and as luck would have it, there appeared on the spot at that moment, the very man who had first originated the little button with the picture of the helmet, and this man, learning of the dispute, came to the rescue and explained with some difficulty the real meaning of Der Kaiser button.

This man was B. A. McDonald, of McDonald and Tremble, tea and coffee merchants of the city, who was the originator of the now famous "helmet" button. Mr. McDonald, after soothing the feeling of the two soldiers, explained that he had just returned from Winnipeg where he had sold over 7,000 of the little buttons and that he had also received many orders from points in Ontario where the little blue button had made a hit.

This is the first great war in which wireless has been freely used by all the combantants

FOUR PLAYERS OF LAST YEARS HOCKEY CHAMPIONS, AVAILABLE

Entire Forward Line of Former Pennants Will Stick Together Under Direction of Former Manager Pearce—May Appear Under New Name of "Allies"—Possibility of Y. M. C. A. Putting in Strong Intermediate or Senior Team.

Manager Pearce, of last year's Pennant hockey team, announced to the Capital today that his team will again be in the running for intermediate honors this winter and in support of this states that the entire forward line of last year's champions is still intact and will make their initial appearance as soon as the first ice is made. While Manager Pearce is jubilant over the fact that his four good forwards will play together this winter, he is still busy locating some sterling defence players to fill the other vacancies on the Pennant team. The four forward men that will be sure of berths with Pearce's team are Whitelaw, Knowlson, Elliott and Howey, and there is a possibility that JImmie Bill will be persuaded to line up on the defence. Manager Pearce states that the name Pennant will this year be discorded for the new name "Allies" although some objections have been raised to the use of this latter name and there is also a possibility that Manager Pearce's aggregation will appear in yellow and black sweaters, the colors of the Y.M.C.A., who last year were not represented in local hockey circles.

CALGARY TO SEE A LOT OF RUGBY

Senior and Provincial Titles Be Decided There During Week.

Calgary, Nov. 11.—Friday and Saturday of this week will be the two big rugby days of the 1914 season. On these two days two provincial rugby titles will be decided. On Friday the intermediate championship will be decided with a sudden death game between the Alberta University Intermediates and the Calgary high school; on Saturday afternoon the Calgary Tigers and Alberta University seniors will battle for the senior A.R.F. U. title.

Both games are important both from a sporting and a Calgary standpoint. A victory for the Calgary high school will mean the intermediate championship of Alberta for Calgary; a victory by more than three points for the Tigers will mean the senior championship.

It isn't often that Calgary rugby fans are able to see two first class rugby games in one week; and it is still less frequent that two championships will be decided within 24 hours. Both of the Calgary teams are working tooth and nail to get into shape for the games. The high school team has gone through the season without a single defeat and have scored nearly a hundred points against their opponents 12. The Calgary Tigers were defeated on Saturday in Edmonton by the narrow margin of three points but will come back strong on Saturday and should be able to overcome the small lead that Varsity has gained.

The margin of difference between the two teams that will represent Alberta University on Friday and Saturday is very small. In fact, twice this season th intermediates have trimmed the seniors in practice games. The exhibition given Saturday in Edmonton marks the Varsity team as a cracker jack. The coaches have a wealth of material to pick from and there is a battle for every position. This year's senior team is entirely different from that of last year. In fact, several of the stars of last year's team are playing on the intermediate fourteen this year.

Coach Greason put the Calgary Tigers through another hard workout last night in the Y.M.C.A. gym. There was no signal practice, just a little running and catching the ball and then a 15-minute run around the track. When the players came down from the saucer nearly exhausted the coach had a basketball ready and a strenuous five-minute game was indulged in. The boss of the Tigers intends to have a well conditioned team in the field Saturday, and expects to wear out his opponents.

There will be several radical changes made in the team this week. Bill Dobie has consented to come out for Saturday and with his boot in the game, there will be a different result. If the Tigers had had a kicking half back Saturday, the game would have been won by them.

The high school team held a strenuous workout at Mewata park last night. The boys didn't relish the rolling around in the open with the wet and slippery ball will have a good effect on their play next Friday.

Jimmy Spence, who was barred from playing in the Interscholastic this season because he played senior last year, will play Saturday. Spence played with Alberta University last year and his knowledge of the style of attack used by the Edmonton team will stand the Hi boys in good stead.

A notice in a Glasgow office window runs: "Business as usual during alteration of the map."

MUCH DIVERSITY OPINION REGARD FIGHT VERDICT

Seven Papers Give Draw—Five for Welsh, Three For White.

Chicago, Nov. 11.—Because decisions are not allowed by the referee under the Wisconsin law, which governs boxing contests the verdict given by pugilistic writers for newspapers is accepted in their stead. Wagers usually are decided by the favorite paper of the bettors. On account of the variance of opinion among boxing experts the decisions of all newspapers—so far as known—who sent staff men to represent the Welsh-White bout at Milwaukee Monday night are appended.

Chicago Tribune draw; Associated Press draw; Chicago American draw; Chicago Evening Post draw; Milwaukee Sentinel draw; Milwaukee Leader draw; Milwaukee Evening Wisconsin draw; Chicago Evening Journel Welsh; New York American Welsh; Milwaukee Free Press Welsh; Milwaukee Journal Welsh; Milwaukee News Welsh; Chicago Daily News White; Chicago Examiner White; Chicago Herald White.

STEWART VACUUM SYSTEM IS GREAT FEATURE IN AUTO

Mitchell Car Runs 7,518 Miles in Thirty Days, Proving Efficiency.

One of the most exhaustive tests given to the fuel system of a motor car ended November 4, when the bonnet of a Mitchell "light four" was unsealed by A. A. A. officials after running 7,518 miles in 30 consecutive days. The long tour, in which the roughest going offered by 23 different states was traversed, proved the efficiency of the Stewart Vacuum Gasoline system, which remained under the sealed bonnet and required absolutely no attention throughout the entire test.

The Stewart Vacuum system, which has been made standard equipment on the Mitchell, and over 40 other prominent makes of cars, is the latest new feature in automobile construction. It does away entirely with all necessity for hand pump, motor air pump, and even air tight construction systems and assures an even flow of warmed gasoline to the carburetor even on the steepest grades.

The Stewart Vacuum system is solely responsible for several remarkable fuel system, the Cole car made its recent economy record on the Indianapolis speedway and showed an increased mileage per gallon of 17 per cent. over what it was possible to make with the same car using the finest force-feed system. This test was followed by another Cole car in Chicago, in which a 22 per cent. increased mileage per gallon was made. A Cadillac car, equipped with the Stewart system, showed a 20 per cent. increased mileage per gallon over what the same car obtained when equipped with the pressure feed system.

Another great advantage, besides economy, lies in the position of the vacuum tank under the hood where the heat of the motor aids cariburetion and permits the carburetor to be installed close up to the intake manifold where it is most accessible.

PROBABLE WESTERN CANADA LEAGUE WILL LAY OFF DURING NEXT YEAR

Baseball Convention at Omaha Gives Permission to Disband on Account of War For One Year—Players Must be Disposed of by February 1—Fight in Northern.

Omaha, Neb., Nov. 11.—President Fleming of the Western Canada league, from Medicine Hat arrived here last night to take part in the convention. The Western Canada has been given permission, but to maintain their hold of their territory. Their players must be disposed of by Feburary 1, or automatically they are released from any allegiance to the Western Canada. The temporary abandonment of baseball in their territory is made necessary by the European war, the owners say.

For three hours last night A. H. Pulford and John Erzinger of Winnipeg, and John Burmeister of Minneapolis, sat across the hallway from each other and scowled first at one another and then at a closed door behind which the board of arbitration of the National Association of Professional Baseball leagues was considering the case of the Northern league in which all three men are interested. At 11 o'clock when the board adjourned for the night, they announced that there would be no decision in the Northern case until today.

All three men were before the board yesterday giving their sides of the controversy. Pulford and Erzinger will have nothing to do with Burmeister, and the latter seems to return the feeling, but neither party will permit the other to get out of sight for a moment for fear something will be pulled off.

The feeling in the Northern league has become so bitter that a disruption of some kind seems certain. One side or the other will have to get out of the league. Burmeister declares the league will desert organized ball if the case goes against him and says the balance of the managers are with him. Pulford and Erzinger say if their side is upheld, they will immediately ask that Burmeister and his friends be expelled and their franchises confiscated, on the grounds that they are disturbing elements. If the case goes against them the Winnipeg men will appeal to the courts. In any case, there will be no decision until today and possibly not then.

Empire Billiard Tourney.

W. J. McNamara defeated C. Irgens at billiards at the Empire billiard hall last night the final count standing 150 to 732. Both players played good consistent games throughout, McNamara making the high run of 20.

Mitchell won from Cliff in the English billiard tourney by the score of 300 to 246. Both players showed excellent form, Mitchell making the high break of the game with 24.

CUE EXPERTS TO COMMENCE MATCH HERE TOMORROW

Play in the Hoppe-Inman billiard match commences in the Empire billiard hall tomorrow afternoon at 3:30 p.m. and sessions will be played on Thursday evening and the following afternoons and evenings.

The total count to be played will be 2,500 and of this 1,500 will be at English billiards which should give Inman a good chance to win out unless he is hopelessly outdistanced at the balk line game. The two players are appearing today in Saskatoon where they made a great hit with the public. It was their intention to arrive in Edmonton today but so taken were the Saskatoonites with their play that they persuaded them to stay over for a day for another game. Today they are trying snooker pool, probably the most popular form of billiards in the west.

The men will arrive in Edmonton tomorrow morning and while in the city will stay at the Selkirk hotel.

Japanese Torpedo Sinks

Tokio, Nov. 11.—Official announcement is made that trrpedo boat No. 33 of the Japanese navy sunk by a mine early today at the mouth of Kiao Chau Bay while dragging for mines. A majority of the crew was rescued.

Many of the men aboard the German cruiser, Emden, which was beached and burned on Cocos island, in the Indian ocean, after a fight with the Australian cruiser, Sydney, were killed or wounded in the battle according to announcement made here today.

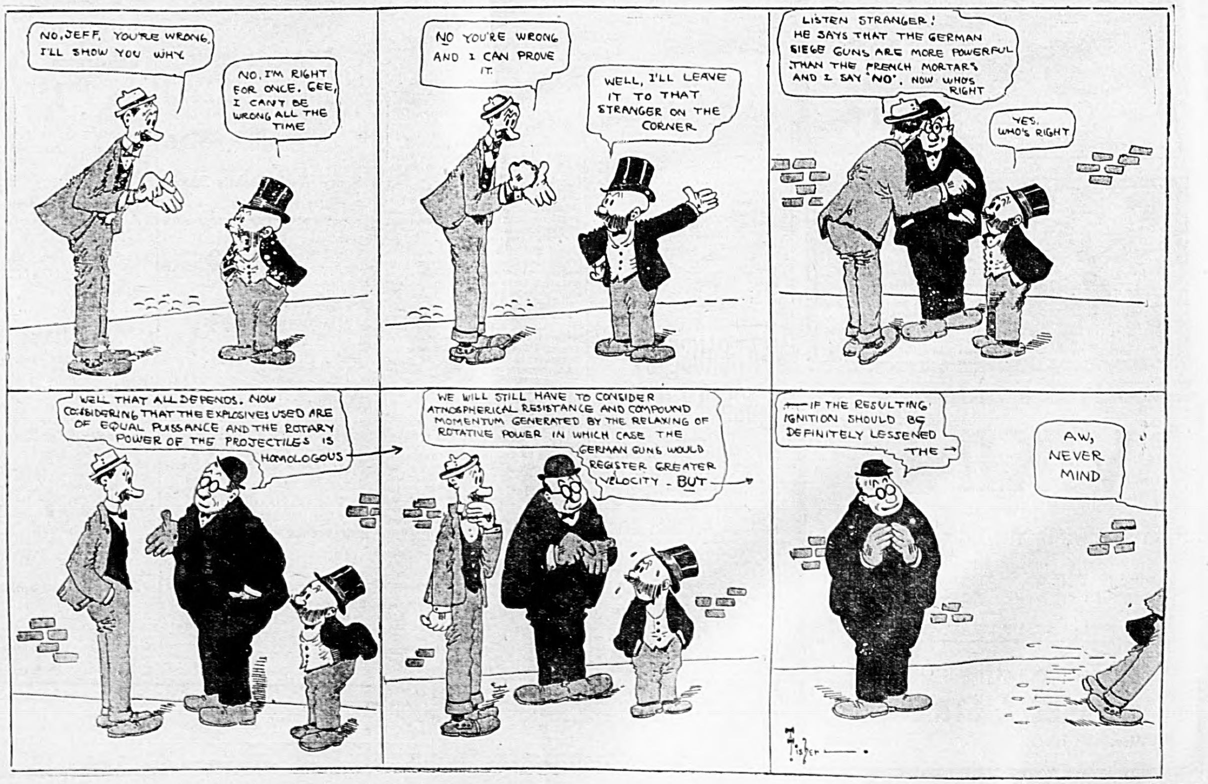
Mutt and Jeff are Agreed for Once - - - - - By "bud" Fisher



NO, JEFF, YOU'RE WRONG. I'LL SHOW YOU WHY.
NO, I'M RIGHT FOR ONCE. GEE, I CAN'T BE WRONG ALL THE TIME
NO YOU'RE WRONG AND I CAN PROVE IT.
WELL, I'LL LEAVE IT TO THAT STRANGER ON THE CORNER
LISTEN STRANGER! HE SAYS THAT THE GERMAN SIEGE GUNS ARE MORE POWERFUL THAN THE FRENCH MORTARS AND I SAY 'NO'. NOW WHO'S RIGHT
YES. WHO'S RIGHT
WELL THAT ALL DEPENDS. NOW CONSIDERING THAT THE EXPLOSIVES USED ARE OF EQUAL PUISSANCE AND THE ROTARY POWER OF THE PROJECTILES IS HOMOLOGOUS
WE WILL STILL HAVE TO CONSIDER ATMOSPHERICAL RESISTANCE AND COMPOUND MOMENTUM GENERATED BY THE RELAXING OF ROTATIVE POWER IN WHICH CASE THE GERMAN GUNS WOULD REGISTER GREATER VELOCITY - BUT
IF THE RESULTING IGNITION SHOULD BE DEFINITELY LESSENED THE
AW, NEVER MIND

FARMS FOR SALE

HALF SECTION, 60 ACRES BROKEN; 18 miles to Edmonton, 5 to station and 2 miles to school; good house and buildings; all fenced; $20 an acre. B. Wilkinson, Ardrossan. PP.R.

SECTION 21-49-11 4—11 MILES FROM Innisfree on the C.N.R., and 18 miles from Viking on the Grand Trunk Pacific. The Lloydminster-Revelstoke line of the C.P.R. will give a town much nearer than either of these. This land is on the shore of Lake Alice, a deep and pretty body of water giving this property a mile of lake front. The lake cuts into the section, leaving 394 acres of the possible 640. The entire 394 acres lays in a body, is all fenced and cross-fenced, has 110 acres broken, no waste land, level, high and dry, no stones, one and one-half miles from school, and has a strong flow of water both summer and winter from a living spring. Price $14.50 per acre. An important consideration is the fact that it is possible to secure a homestead within five miles of this land, thus making it possible to prove up on 160 acres free of cost without occupying other than the farm above listew. P. M. Benzanson, Room 18, Benson Blk. Phone 1221. Alberta Homeseekers' Inv. Co. O-C

FARM FOR SALE—14 MILES N.E. OF Edmonton, city limits, 160 acres good farm land. 100 acres open. No sloughs. $20 per acre. Phone 1221. The Chubb Land Co., 18 Benson Blk. PNC

160 ACRES, clay loam, fenced, frame house, good well, stable, 25 acres under cultivation. $200 cash, $900 easy payments at 5 per cent; for particulars apply 11033 Kinistino avenue. P.N.R.

FARMS FOR SALE.

320 ACRES—70 BROKEN; 18 MILES from Edmonton, 5 miles to depot, 2 to school; good house and buildings; $20.00 acre; $1,000 cash, balance easy terms. B. Wilkinson, Ardrossan, Alta. P.N.P.R.

FARMS WANTED

WANTED BY FARMER, GOOD IMproved ¼ section, near railway station; will pay a litle cash and a clear title lot in city. No agents unless bargain. Apply Box 67 Capital. O-P-O

FRENCH TROOPS DRIVE BACK GERMANS, REGION RIVER SANGA IN CONGO

Bordeaux, via Paris, Nov. 11.—(1.15 a.m.)—It is officially announced here that in the region of the Sanga river in the Congo, French troops, commanded by General Aymerich succeeded in driving the Germans from the larger part of the territory lost in the 1911 convention. The military post of Nzimou was retaken after two days heavy fighting on October 29. The Belgian Congo placed at the disposition of the French forces the steamer Luxemburg and 150 soldiers.

On October 22, the announcement continues, a column, commanded by Coolnel Hutin, captured Nola and made prisoners of several officers and many sharp shooters. Four quick firing cannon and munitions were also taken.

The operation, it is said, assures to the French of the possession of the town of Bassanga.

PLACES ORDER FOR ONE MILLION SHIRTS WITH MANY CANADIAN FIRMS

Ottawa, Nov. 11.—As a result of orders for 1,000,000 shirts given by Fred Stobart, purchasing agent for the Imperial government, between 40 and 50 shirt factories in all parts of the dominion will be kept running full capacity until at least the middle of December. The order amounts to $1,500,000, and shipments are to be made at the rate of 200,000 a week. Quebec, Ontario, the maritime provinces and Manitoba firms were included in the order.

The next heavy orders will be for leather-lined mitts. The total contracts now let in Canada by the British government are in the neighborhood of $10,000,000.

Crown Prince Goes East

Paris, Nov. 11.—The Petrograd correspondent of the Matin telegraphs the following:

"It is reported that after a council of war presided over by the kaiser, the crown prince was appointed commander-in-chief of all the German and Austrian armies operating against Russia with General Von Hindenburg commanding the left wing and General Dankl the right.

SUFFERED FROM BILIOUS HEADACHE.

At Times Thought She Would Go Mad.

Headaches are one of the most aggravating troubles a person can have. They are many and varying; but when the headache starts you may be sure that there is some other chief cause of this most painful difficulty. The stomach may go wrong, the bowels become constipated, the blood may not circulate properly, but the presence of the headache clearly shows that there is some other baneful disease which is liable to assert itself unless the cause of the headache is removed. Get rid of the headache and thus perhaps save yourself many years of trial and suffering.

Burdock Blood Bitters has, for the past forty years, been curing all kinds of headaches, and has also proved itself to be a remedy that cures where all others fail. It does this by removing the cause of the trouble.

Miss Mary A. Roberts, Hampton, N.B., writes: "For about two years I have suffered from bilious headache. At times I thought I would really go mad. Not long ago a friend advised me to try Burdock Blood Bitters which I did, and after taking three bottles I have never been troubled with any kind of a headache. I think that B.B.B. is one of the wonders of the world. I can safely recommend it to all who suffer from bilious headache."

Burdock Blood Bitters is the oldest and the best known blood medicine on the market to-day, and is manufactured only by The T. Milburn Co., Limited, Toronto, Ont.

TENDERS

Tenders will be received by the City Commissioners up to 12 o'clock, noon, Wednesday, November 11th, for overcoats for the Street Railwaymen. Full particulars and specifications can be obtained at the Office of the City Commissioners.

ALDERMAN CLARKE IS ACQUITTED IN EXTORTION CHARGE

Thrown Out After Accused Gave Evidence—Technicalities Not Decided on.

"NOT GUILTY" EXTORTION

Case Causes Complaints to Law Society and Attorney-General's Department.

The rather celebrated case for extortion against Alderman Joseph A. Clarke was heard in the district court this morning before Judge Taylor.

After hearing the evidence of Paul Andrew, the complainant, the woman in the case, Ivy Smith (Mrs. Lawrence), and the police court stenographer, which closed the prosecution, the alderman, who conducted his own defence, raised several legal points which were argued between Judge Taylor and E. B. Cogswell for the crown.

Before Judge Taylor had disposed of the objections, the accused alderman stated that, in any event, he would prefer to give evidence on his own behalf, which he did.

Judge Taylor thereupon pronounced acquittal, and the technicalities are still undecided.

The case presented several unsavory seams of the underworld life.

The woman claimed a set of ear-rings valued at $125, which she said Andrew, with whom she had lived for over a year, had.

On asking for her ear-rings, Andrew, so she said, kicked her out, burnt her with a poker, and she consulted Solicitor Clarke. He took a written retainer to act in connection with the ear-rings.

She herself then laid a charge before Police Magistrate Belcher against Andrew for procuring.

The case caused added interest when H. A. Mackie, who was consulted by Andrew, wrote Clarke "that he had better take care of himself." Andrew had Clarke and the woman both accused of extortion, and the woman changed her solicitor. Although Clarke thought he was appearing for her, when it came before Magistrate Belcher a Mr. Jackson of M. M. Charleson's office stepped forward as her agent.

This caused the alderman-solicitor to report Mr. Mackie to the law society for threatening, and to report to the attorney-general's department the action of agents in the police court who were neither lawyers nor law students.

The local bar held a meeting, but owing to the fact that the criminal action against Clarke was still before the court, the complaint against H. A. Mackie was not heard, although both Andrew and the woman appeared in the court house to give evidence upon that complaint.

A committee was appointed to look into police court practice and procedure, particularly in regard to lay agents and their rights.

Whether any further action will now be taken by the bar society is not known.

The largest settlement in Greenland is Sydproven, which has a population of 766.

EDMONTON IN BRIEF

Under the auspices of the Young People's Guild of Westmount church Hon. Frank Oliver will this evening give an address at the church, taking as his subject, "The Makers of Canada."

The officers and members of Maple Leaf Rebekah lodge, No. 2, are issuing invitations for a social dance to be given on Wednesday, November 18. Oddfellows and Rebekahs are invited.

The women's auxiliary of the International Typographical union, No. 604, will give a ten-cent tea on Thursday between 3 and 5, at the home of Mrs. Norman Creeper, 507 Sutherland street. A welcome is extended to all members and friends of this auxiliary.

Corporal Sault, of the 42nd Highlanders, has been kiled at the front, the first person from Edmonton reported to have met death in the war. Corporal Sault was a reservist and left to join his old regiment shortly after the outbreak of hostilities. He was well-known in Edmonton athletic circles, and was formerly a member of the Swift-Canadian football team.

The first of a series of six lectures on first aid to the injured was given in the police court last night by Dr. Braithewaite to the members of the city police force. There was an attendance of 34.

The contribution of the members of the police force to the Patriotic fund for the month of October was $163, making their total contribution so far nearly $600.

Superintendent Larmouth of the street railway will give an address before the members of the Edmonton Property Owners' association in their rooms in the Tegler block this evening, his subject being the street railway.

Theatres and Picture Shows

K. OF C. MINSTRELS AT EMPIRE THEATER.

The Knights of Columbus minstrels have practically completed arrangements for their minstrel show, which will be held in the Empire theater on Friday and Saturday of this week. The tickets have been disposed of with much greaer facility than was anticipated and it is expected that the house will be crowded at the three performances. His Honor, Lieutenant-Governor, and Mrs. Bulyea will be in attendnce on the opening night and several of the provincial cabinet ministers will also occupy seats in the boxes.

There is no reason why the coming show should not surpass anything of its kind ever before seen in this city as the Knights have expended a great deal of time and energy in their endeavor to put on a first class entertainment, and there is every reason to believe that their efforts will be crowned with success. The Knights are not profiting in a financial way from the show, as the entire proceeds will go to the Public Welfare board and will be expended during the coming winter in assisting the needy of Edmonton. The tickets are selling at a much lower price than usual at a show of this kind and are being bought in large numbers.

BRITISH HOUSES MEET FOR PERHAPS PURE WAR SESSION

Entire Harmony However,, May Not Prevail, as Labor Members Will Ask Questions.

London, Nov. 11. (5.43 p.m.)—Premier Asquith stated in the house of commons today that he doubted if the war would last as long as people had originally predicted.

London, Nov. 11.—King George opened today what will probably prove to be purely a war session of parliament. No controversial political question will be deliberated but this does not mean that entire harmony will prevail for the cabinet ministers will be asked pertinent and uncomfortable questions about their conduct of various phases of the war.

The labor party leaders are especially primed with questions in regard to pay for the soldiers, allowances for their dependents and professions, but criticism of the government by the opposition probably will be restrained. Right Hon. Reginald McKenna is expected to make a reply in regard to the alien enemies in England and the extent of the spy peril but no additional legislation in this direction is expected.

The recruiting situation may lead to some steps toward compulsory service and the $500,000,000 granted in August having been practically spent, a further credit of a like amount will probably be proposed under the special war loan act passed at the last session.

Customary Color Lacking

The usual ceremony accompanied the opening of parliament, the king making military progress through the strets to Westminster Palace. But, like the lord mayor's show, the customary color was lacking. Instead of the brilliantly uniformed household guards lining the streets and forming the escort, sober khaki marked the military features of the display.

Within the house of lords all the usual ceremonial trappings were used. In this body the king's speech from the throne was moved by Lord Methuen and seconded by Viscount Bryce. In the house of commons the speech was moved by Sir Robert Price and seconded by William Middlebrook.

May Be Last Session

It waws wa small houwse of commons that assembled for the opening of what, in the ordinary circumstances would be the last session of this parliament, as, under the veto act, it ceases to exist at the close of next year. It is now possible, however, that should the war continue and be prolonged nutil then, special legislation will be introduced for prolonging its existence.

New York Bank Opens

Buenos Ayres, Nov. 11.—A local branch of the National City Bank of New York was opened for business yesterday. The purpose of this agency of the bank is to facilitate business between the United States and Argentina and it is understood here that this is the first of a number of branch agencies of the New York institution to be opened in South American countries.

It is said that practically everybody in Berlin is related to someone killed in the war.

BELGAN RELIEF FUND

Receipts for the local Belgian relief fund have now reached the total of $1,582.18, the sum of $175 having been received by Treasurer Fisher on Wednesday. This is considered a very fair showing for the time since the subscription list was opened, and it is expected the amount will be augmented by a considerable sum in the course of the next couple of days.

Today's receipts were:

Previously acknowledged	$1,407.18
Collected in Central Market per A. Duclos	105.00
Miss Copeland	5.00
Robertson Church Young Ladies' Bible class	5.00
Thomas Rist	50.00
C. Friend	5.00
Prof. C. E. Bland	5.00
	$1,582.18

The French mint has been moved to Castel-Sarrasin, a small town near Toulouse.

Disease in Pennsylvania

Pittsburg, Pa., Nov. 11.—Conditions brought about by the epidemic of foot and mouth diseases became distinctly worse today when it was announced that 300 cows of the finest dairy herds in Westmoreland county had developed the disease through dairy herds in other parts of western Pennsylvania.

Apprehension for the milk supply of Pittsburg was felt while hay realers were wondering where they were to get supplies.

Dr. Morse's Indian Root Pills
exactly meet the need which so often arises in every family for a medicine to open up and regulate the bowels. Not only are they effective in all cases of Constipation, but they help greatly in breaking up a Cold or La Grippe by cleaning out the system and purifying the blood. In the same way they relieve or cure Biliousness, Indigestion, Sick Headaches, Rheumatism and other common ailments. In the fullest sense of the words Dr. Morse's Indian Root Pills are 47
A Household Remedy
